

TUTORING at WCC

Approximately 48,000 students have completed their studies in a degree or certificate program at **WESTCHESTER COMMUNITY COLLEGE**. Current enrollment at the College is over 22,000 credit and 14,000 non-credit students.

Within this environment, the College strives to provide **SUPPORT AND ACADEMIC ASSISTANCE** wherever possible. Its tutorial services are exceptional and extensive. Each year a significant number of students find their way to the **Tutorial Centers** at WCC to get the extra help they need to succeed. (Opportunities also available at our extension sites.)

Make a Difference....Volunteering as a tutor can have a significant impact on our students. You provide the extra help that enables them to succeed in their coursework. Whether it is English, Reading, Math, Science, Computing or Accounting, there is a Tutoring Center in need of your assistance. Volunteers generally commit to working in a tutorial for a period of 2 to 3 hours two days per week and have a regular schedule.

Tutorials Include:

Academic Support Center: ESL, Math & Reading and Study Skills.

Science Tutorial: Biology, Chemistry, Anatomy & Physiology and Microbiology, Natural, Health & Geo Sciences.

Writing Center: Tutoring in the writing process across the curriculum.

Accounting: Tutoring in conceptual matters and practical applications.

Computer Information Systems: Word processing, spreadsheet, database programs, programming languages and CIS courses.

Math and Physics: Tutoring for higher level math and physics courses.

The **rewards** of being a tutor are reaped by both parties! The students benefit from proficient extra help. The tutors keep their skills current and work in areas that interest them. They also enjoy being involved in a dynamic academic environment, and getting to know a wonderfully diverse student body at WCC.

As a tutor, you become part of the College's 600 **Volunteer Corps**. Volunteers on campus are from all over the county and contribute their time and talent to help our students make the most of their educational and career opportunities.

The **Volunteer Corps** is a special and diverse group. In age they range from *18 to youthful 80's*. They are professional people, business men and women, retirees, homemakers, college students, faculty and staff. Together they contribute thousands of service hours to the College and make it a unique environment.
