Please see following directions for how to forget the ASGARD and ASGARD_Guest networks if they connect automatically or if you have an expired password.

Forget a network on your iPhone, iPad, or iPod touch

1. Go to Settings > Wi-Fi.
2. Tap ⓘ next to the Wi-Fi network that you want your device to forget.
3. Tap Forget This Network, then tap Forget to confirm.

Forget a network on your Mac

1. Choose Apple menu □ > System Preferences, then click Network.
2. Select Wi-Fi in the list on the left.
3. Click the Advanced button.
4. The Wi-Fi pane shows a Preferred Networks list. Select the Wi-Fi network that you want your Mac to forget.
5. Click the remove button (–) beneath the list. If you're asked to confirm, click Remove.
6. Click OK.
7. Click Apply.

Forget a network on your Android device

1. Go to Settings > Connections > Wi-Fi.
2. Long press the Wi-Fi network that you want your device to forget.
3. Tap Forget Network

Forget a network on your Windows device

1. Click the Network icon on the lower right corner of your screen.
2. Click Network settings.
3. Click **Manage** Wi-Fi settings.
4. Under **Manage** known networks, click the network you want to **delete**.
5. Click **Forget**. The **wireless** network profile is deleted.
