Now More Than Ever

*A Westchester Community College
Foundation Benefit*

Dear Friend,

Now more than ever our students need your help with scholarship aid. Westchester Community College, like hundreds of other community colleges across the nation, has seen their enrollments grow like never before because of the current economic climate. Students who suddenly found the cost of 4-year schools out of reach are coming to WCC; students who thought they could get by without a college education are finding job opportunities limited; laid-off workers are turning to WCC to help them gain new skills to return to the job market; and we are finding a greater awareness among our growing immigrant population that to succeed in this nation, education is not a luxury but a necessity. This year we had a 10% increase in scholarship requests. Next year we are predicting double digit increases again. It is through your generous support that we are able to provide the assistance that students rely on.

Spring for Scholarships is sure to be a marvelous evening with a fantastic silent auction, the opportunity to mingle with friends, and an interesting keynote speaker, Christopher Buckely. Your donation, through the purchase of a special package, will directly fund a scholarship in your name.

No gift is more significant than the gift of knowledge that will empower young students to realize their dreams. We sincerely hope you will join us.

The Westchester Community College Foundation was established to meet College and student needs that are not met by public funds. As part of its mission, the Foundation works to develop support from individuals, local businesses, corporations, and foundations to provide scholarships for incoming, continuing, and graduating students.

In its 40 year history, the Foundation has directly helped over 11,000 students advance their education through scholarships and grants. Your support of Spring for Scholarships helps the Foundation fulfill its mission to the College and its students.
