**Feeling lost when it comes to
computers, Internet, and Email?**

Register now for a class in COMPUTER FUNDAMENTALS!

Computing Fundamentals for Windows — Offered in Mount Vernon!

Whether you are brand new to computers or you want to brush up on your computer skills, this course is for you. Taught by a professionally trained instructor, this comprehensive class covers the basics of computer usage and will teach you how to:

- Perform basic operations using Windows-based computers
- Manage, organize, and search for your files and folders
- Use Internet browsers and search engines
- Manage your email folders and attachments
- Understand social media sites including Facebook and Twitter.

Class meets 6 Mondays & Wednesdays, July 9 - 25, 2018 • 1:00pm - 4:00pm
