Your support will contribute to the WCC Foundation Scholarship and Program Fund, directly helping our students through scholarships, mentoring programs, faculty development, and other essential services that promote success. Since its founding in 1946, Westchester Community College has been at the forefront of innovative education. It has grown from a small institution educating returning veterans to its current role as the county’s largest institution of higher education, with over 34,000 students. The mission of the college is to provide accessible, high quality, and affordable education. It is committed to student success, academic excellence and lifelong learning.

**WILLIAM JEFFERSON CLINTON**, the first Democratic president in six decades to be elected twice, led the U.S. to the longest economic expansion in American history, including the creation of more than 22 million jobs.

After leaving the White House, President Clinton established the William J. Clinton Foundation with the mission to improve global health, strengthen economies, promote health and wellness, and protect the environment by fostering partnerships among governments, businesses, nongovernmental organizations, and private citizens to turn good intentions into measurable results. Today the Foundation has staff and volunteers around the world working to improve lives through eight initiatives.

In addition to his Foundation work, President Clinton has joined with President George H.W. Bush three times—after the 2004 tsunami in South Asia, Hurricane Katrina in 2005, and Hurricane Ike in 2008, and with President George W. Bush in— Haiti in the aftermath of the 2010 earthquake. Today the Clinton Foundation works to drive economic growth, create jobs, and build capacity in Haiti.
