WELCOME!

Dear Westchester Friends and Neighbors,
Welcome to Westchester Community College's Division of Workforce Development and Community Education Fall 2021 Catalog. I invite you to consider taking care of your own mind, body, and spirit by enrolling in one of our Fall offerings.

Work and learning environments do not look the same today as they did in 2019. For more than a year we have been managing our professional and personal lives with new processes and customs – all in an effort to keep safety and health as our number one priority. At Westchester Community College, we look to September as an opportunity to re-emerge from a fully remote environment to one that blends remote instruction with opportunities to engage safely in person.

We have learned what works well in a virtual environment and where we simply cannot replace the power of learning in person. That is why this Fall our offerings will include a combination of remote and in-person classes. We continue to offer a mix of career and work-related opportunities as well as options for your cultural and leisure-time enrichment. We continue to offer classes on your schedule — day, evenings, and weekends. Whether in person or via Zoom, our experienced and professional instructors have prepared well to offer you stimulating experiences. All classes are clearly designated as remote or in-person.

With our focus on helping you explore a new career, upgrade your current portfolio, or prepare for certification in a new and growing field, we are certain you will find what you need here. Our classes can prepare you for a career in high-demand fields such as healthcare, information technology, or real estate.

We also offer a wide variety of remote options for lifelong learning. Explore history, crafts, and writing your memoirs-or learn guitar, piano, or acting. From learning a new language to preparing for your financial future, we have it all.

I encourage you to join other learners while taking time for yourselves during these changing times. Let Westchester Community College show you how.

Teresita B. Wisell

Vice-President, Workforce Development and Community Education

INTENSIVE ENGLISH PROGRAM

5 days, Mon.-Fri.

This 15-hour per week course (20 hrs/week for F-1 students) allows motivated learners of English to advance rapidly, starting at any level from beginner to advanced. The Intensive English Program meets the needs of serious learners, such as preparation for university study or to increase career possibilities. All students take three classes: Intensive Grammar & Reading 2 days per week (M/Th), Intensive Listening, Speaking & Pronunciation 2 days per week (T/F) and Intensive Writing 1 day per week (W). A placement test is required of all new students. Accent on Fluency, open to all IEP students, supplements the Intensive English Program with an additional 5 hours per week of instruction and practice in one or more particular skill or content areas.

Students who have F-1 status (have an I-20 form) meet the full-time study requirement by also enrolling in Accent on Fluency.

Would You Like to Begin a College Degree or Certificate Program?

If you have completed or are now completing ELI level 5 (or have an equivalent level of English proficiency) and are considering enrolling in a college/university program, call the ELI at 914-606-7889 to make an appointment with a TESOL specialist to discuss your future studies. We will help you answer the question: Am I ready for college? We will evaluate your English language ability and, if appropriate, provide a referral necessary for entrance to the college. Even if you are not completely ready for college, you may be able to begin an undergraduate certificate or degree program while you continue improving your English. Our general ESL programs and specialized ESL courses have helped many ESL learners succeed in college and achieve their academic goals.
