Request/Submit your Official Transcripts

High School Transcript/GED Diploma

All applicants must have their high school send an official transcript to the Office of Admissions located in the Administration Building Room 210. Official transcripts may be sent from the high school to the college by mail or by email to HSTranscript@sunywcc.edu. Current high school students must submit an official final transcript with date of graduation or bring their original high school diploma upon graduation. High School Equivalency Diploma recipients must bring their original GED Diploma and scores.

Applicants who have attended a prior college must have an official college transcript sent to the Transfer Credit Evaluator in the Registrar's Office by email (etrans@sunywcc.edu) or by mail (Administration Building Room 107). Official transcripts from the College Board showing College Level Examination Program (CLEP) and Advanced Placement (AP) scores should also be sent if applicable.

Degree & Certificate Programs

Associate in Arts Degrees (A.A.)/Associate in Science Degrees (A.S.) are awarded to candidates who successfully complete programs which parallel the first two years of coursework at accredited four-year institutions. Credits completed at Westchester Community College are readily accepted for credit toward the bachelor's degree at receiving institutions. (This is contingent upon the requirements of the transfer school and the student having maintained a satisfactory academic record.)

Associate in Applied Science Degrees (A.A.S.) are awarded to candidates who successfully complete programs combining specific career preparation with a foundation of coursework in the liberal arts and sciences. Graduates who earn the A.A.S. degree are prepared to seek immediate employment. Graduates will find that most credit-bearing courses meeting the receiving institution's minimum grade requirements will be accepted as transfer credit toward a bachelor's degree. (This is contingent upon the requirements of the transfer school and the student having maintained a satisfactory academic record.)

Certificate Programs prepare students for careers in a variety of skilled occupations. One-year certificate programs provide a way for students to gain job skills for immediate employment or to prepare for career advancement by gaining new skills and credentials. College credits earned in a Westchester Community College certificate program may be applied to an associate degree or may be transferable for those who decide to continue their education at another institution.
