WELCOME!

Dear Westchester Friends and Neighbors,

Welcome to SUNY Westchester Community College's Division of Workforce Development and Community Education Fall 2022 Catalog. I invite you to consider taking care of your own mind, body, and spirit by enrolling in any one of our fall offerings.

Work and learning environments do not look the same today as they did several years ago. For two years, we have been managing our professional and personal lives with new processes and customs—all in an effort to keep safety and health as our number one priority. At SUNY Westchester Community College, we look to the fall as an opportunity to re-emerge from a mostly remote environment to one that maintains some remote instruction with expanded opportunities to engage safely in person.

We have learned what works well in a virtual environment and where we simply cannot replace the power of learning in person. That is why this fall our offerings will include a combination of remote and in-person classes. We continue to offer a mix of career and work-related opportunities as well as options for your cultural and leisure-time enrichment. We continue to provide classes that fit your schedule—day, evenings, and weekends. Whether in person or via Zoom, our experienced and professional instructors have prepared well to create stimulating experiences. All classes are clearly designated as remote or in-person.

With our focus on helping you explore a new career, upgrade your current portfolio, or prepare for certification in a new and growing field, we are certain you will find what you need here. Our classes can prepare you for a career in high-demand fields such as healthcare, information technology, or real estate. We also offer a wide variety of remote options for lifelong learning.

Explore history, crafts, and writing your memoirs—or learn guitar, piano, or acting. From learning a new language to preparing for your financial future, we have it all.

I encourage you to join other learners while taking time for yourselves during these changing times. Let SUNY Westchester Community College show you how.

Teresita B. Wisell

Vice-President, Workforce Development and Community Education

Newly Expanded! Historic Preservation Certificate-140 Hrs

This is a one-year, non-credit certificate program beginning in the fall.

The certificate program serves students and professionals interested in establishing credentials in the area of Historic Preservation in a multitude of job sectors: building trades such as woodworking and stone masonry as well as areas such as historic site management, artifact conservation and more. There is no other certificate program in Historic Preservation offered at a community college in New York State. A total of 140 hours, (field work will be variable), half classwork and half in directed historic preservation fieldwork. One elective is required during the one-year program to fulfill the certificate. Lectures may be taken independently.

Register for the entire certificate for \$2,070

All interested students should contact the Program Coordinator, Alan Strauber, at Alan.Strauber@sunywcc.edu
To register for certificate program classes, you must call 914-606-7300 or email peekskill@sunywcc.edu.

REMOTE American Architectural History

With an emphasis Historic Preservation and New York State, this course will explore the development of architecture in America from its beginnings to roughly modern day. Areas of examination will include indigenous and vernacular American architecture, colonial and Federalist design, the appropriation of European design elements, the development of architecture as a profession, the American Parks Movement and landscape architecture, the innovation of the skyscraper, the rise of twentieth century urban environments, public works projects, modernism and more. These will be 2-hour class sessions over 14 weeks for a total of 28 hours required towards completion of certificate requirements. This course will be taught entirely online using Zoom via Blackboard platform. Instructor-Alan Strauber.

CE-HIST 2128PE, 14 Sat., Sept. 10-Dec. 17 (skip 11/26),

11:00 am-1:00 pm. CE-HIST 2163PE, Independent option, \$414.

REMOTE Introduction to Historic Preservation

This course is an introduction to the history, principles and practice of historic preservation. It will provide a framework for understanding how the architecture and natural beauty of the Hudson Valley influenced the birth of the preservation movement in America and how reservation law has developed in New York State into present-day policies. Through discussions about the guiding principles, terminologies and current issues of historic preservation, the class will explore the benefits and limitations of the agencies that play a role in preservation and discuss local case studies. These will be 2-hour class sessions over 14 weeks for a total of 28 hours required towards completion of certificate requirements. This course will be taught entirely online using Zoom via Blackboard platform. Instructor-Johanna Porr Yaun.

CE-HIST 2127PE, 14 Tues., Sept. 13-Dec. 20 (skip 11/8),

6:30-8:30 pm. CE-HIST 2162PE, Independent option, \$414.

Historic Preservation Field Work I

This course is designed to provide a wide range of hands-on experience related to historic preservation in a variety of settings. Participants will work at actual historic sites in the field as well as with artisans in trades related to historic preservation. Students will rotate between sites. Sessions will total 28 hours required for completion of certificate requirements. This class will be offsite.

CE-HIST 2129PE, TBD, Spring/Summer 2023.

Historic Preservation Field Work II

Continuation of Historic Preservation Field Work I. Sessions will total 28 hours required for completion of certificate requirements. Prerequisite: Historic Preservation Field Work I. This class will be offsite.

CE-HIST 2130PE, TBD, Spring/Summer 2023.

Electives

NEW! Historic Preservation Woodworking and Building Techniques

Through a combination of site visits to buildings of various periods, shop demonstrations, lecture and hands on work with tools, this course will explore the changes in technology, and the corresponding development of building design. Starting with timber framing participants will explore basic assembly techniques, and how assembly methods developed overtime. Methods for conservation of historic windows will be explored. Participants will use tools from as far back as the eighteenth century. We will explore the marks these tools leave and how they can be used to help us read the history of a building. These class sessions will be over 10 weeks for a total of 28 hours. Instructor-Bruce MacDonald.

At the Southern Westchester BOCES, Woodworking Shop, 65 Grasslands Rd., Valhalla

IN-PERSON CE-HIST 2158PE, 10 Sat., Sept. 17-Nov. 19, 1:00-4:00 pm (*9/17 & 11/19, 1:00-3:00 pm).

IN-PERSON CE-HIST 2159PE, Independent option, \$414.

NEW! History of Landscape Architecture

This course will explore the complex relationship between culture and nature through a historic survey of humans' intentional manipulation of the landscape. The class lectures will follow a roughly chronological structure tracing the evolution of landscape design from the public open spaces of ancient cities, private gardens of the Renaissance, through the large parks of the City Beautiful Movements. A significant segment of the syllabus will focus on human responses to the industrialized and post-industrial urban environments. The cultural knowledge and analytical tools gained through the course will provide a solid foundation for future academic endeavors in design disciplines and enrich students' real-world experience of the natural and the built environments. These will be 2-hour class sessions over 14 weeks for a total of 28 hours and will be taught online using Zoom via Blackboard platform. Instructor-Susan Jainchill.

This non-credit, hybrid certificate program is an intensive course of study over two semesters beginning in the fall.

This program gives students the tools and knowledge to create mixed reality worlds. Students will be instructed in coding, digital 3D modeling, game design, mixed reality design (virtual and augmented reality), independent studio, and portfolio development.

This certificate will enable students to acquire skills that are attractive to employers in an in-demand field. For ages 18 years & up.

These courses are hybrid (remote and in-person) at the Center for the Digital Arts, Peekskill Extension.

Students will need to comply with all SUNY WCC COVID-19 requirements, please visit www.sunywcc.edu/covid-info for more information.

Students must register for the entire program at time of registration.

Register for the entire certificate for \$1,242!

All interested students should contact the Director, Dr. Sherry Mayo, at sherry.mayo@sunywcc.edu or 914-606-7385.

To register for certificate program classes, you must call 914-606-7300 or email peekskill@sunywcc.edu

Game Programming

Have you ever wished you knew how to program, but had no clue where to start? This introductory course will provide students with an understanding of game programming. It will explore themes and concepts of the fundamental principles of game programming. Through this exploration students will develop a basic foundation and understanding of code/coding, and gain confidence in their ability to code small programs. This course will use Unity 3D, C+ programming language and Microsoft Visual Studio.

CE-DGART 2130PE, 7 Thurs., Sept. 8-Oct. 20, 6:30-8:30 pm.

Game Design

We play games on consoles, PCs, and mobile devices but did you ever wonder how to build an interactive game? The gaming industry is an exciting, burgeoning field that requires both technical ability and creativity. Students will be designing and programming games and learning gaming concepts. Students will construct games, design characters, build terrains, and interactive user experiences using the program Unity 3D.

CE-DGART 2132PE, 7 Wed., Sept. 14-Oct. 26, 6:30-8:30 pm.

IN-PERSON Augmented, Virtual & Mixed Reality

Students will explore the endless possibilities of augmented reality, virtual reality, mixed reality and immersive computing technologies. Students will be exposed to the technical and experiential design foundation required for the implementation of immersive environments in current and future virtual, augmented and mixed reality platforms. Students will be active participants in designing their immersive worlds using the program Unity 3D.

At Peekskill Extension Center: CE-DGART 2133PE, 7 Thurs., Oct. 27-Dec. 15 (skip 11/24), 6:30-8:30 pm.

Digital 3D Modeling

In this course, we will explore the world of digital 3D modeling using the program Blender. Over the last four decades DCC (Digital Content Creation) programs have become sophisticated, friendly to use, and accessible. This is a foundation course in digital 3D modeling. This course will cover an extensive range of modeling techniques and build a strong foundation for continued work in digital 3D modeling. Students will complete modeling exercises and create original works of their own design.

CE-DGART 2131PE, 7 Wed., Nov. 2-Dec. 21 (skip 11/23), 6:30-8:30 pm.

IN-PERSON Independent Studio

This studio course presents a platform for students to continue exploring diverse possibilities and various processes of using digital media to create interactive works. Students will be required to independently investigate, share findings and ideas, and work in a critique-and-discussion-based environment. Students' work will be exhibited at the CENTER FOR THE DIGITAL ARTS GALLERY.

At Peekskill Extension Center:

CE-DGART 2134PE, 7 Wed., Jan. 11-Feb. 22, 2023, 6:30-8:30 pm.

IN-PERSON Portfolio Development

Students will create a portfolio that represents their individual body of work. During the last seven-weeks of the certificate program, students will investigate different types of portfolio styles and construct a portfolio that is web and physical based, comprised of completed and on-going projects.

At Peekskill Extension Center:

CE-DGART 2135PE, 7 Thurs., Mar. 2-Apr. 13, 2023, 6:30-8:30 pm.

Social Media Specialist Certificate-66 Hrs

This online, non-credit certificate program is over two semesters, beginning in the fall.

The culminating experience will be the creation of a social media portfolio that students can share with potential employers or use as a guide to create their own social media consulting business. The Social Media Specialist Certificate provides motivated individuals with a foundation in practice and theory with hands-on activities, in-depth assignments, and lectures by the instructor and using supplemental resources, such as videos and/or interviews with social media professionals. We give you the tools to become a smart and capable player on the social media stage. When you are done, you will be able to create a powerful social media strategy. The certificate is an intensive course of study with a total of seven individual courses, and three optional electives to choose from. One elective is required during the program. Upon completion of the core courses, participants will have the opportunity to take for the Hootsuite Social Marketing exam (exam fees are additional). Completion of the certificate is required for the exam. Students may register for the entire program at time of registration for certificate or take courses independently in sequence.

Register for the entire certificate for \$1,204!

All interested students should contact the Director, Dr. Sherry Mayo, at sherry.mayo@sunywcc.edu or 914-606-7385.

To register for certificate program classes, you must call 914-606-7300 or email peekskill@sunywcc.edu

Introduction to Social Media Networks

This course gives students an overview of the top five, current social media platforms, such as Facebook, Instagram, LinkedIn, YouTube, and more, and helps them define which platform should be used to reach business goals. In this course, students will create a buyer persona, define a brand, and identify the top one to two social media platforms they should use to impact business goals. Research, activities, assignments, and lecture will be used to help students identify the right social media platform for their business' goals.

CE-COMP 2220PE, 3 Thurs., Sept. 15-29, 6:00-9:00 pm, \$164.

Social Media Content Fundamentals

In this course, students will learn how to craft a content strategy, best practices for content curation, creation, and sharing, as well as tactics for content measurement. In addition to creating content, students will be researching and defining hashtags and developing a social media schedule. Templates, handouts, video, and lectures will be used to bring this course to life.

CE-COMP 2221PE, 3 Thurs., Oct. 6-Nov. 3 (skip 10/13-10/20), 6:00-9:00 pm, \$164.

Optimizing Social Media Profiles

This course will teach students which elements to focus on for the top, five social media platforms, plus the best practices to keep in mind when creating a company/business social media presence. This course will offer strategic best practices and optimization techniques for several social media platforms. Examples, activities, and profile graphic development tools (i.e., Canva) will be used for students to design/implement a mock or live social media business profile.

CE-COMP 2222PE, 2 Thurs., Nov. 10-17, 6:00-9:00 pm, \$109.

Social Media Strategies and Tactics

Learn about setting Goals, Objectives, KPIs, and Tactics. Students will learn about creating content calendar for timing and key dates, and incorporating content marketing into a social context. In addition, students will look at several social media tools, including Hootsuite, content management systems, and other common tools used in a social media role. Plus, this course will cover how to build a brand advocacy program and look at ways to engage influencers. CE-COMP 2223PE, 4 Thurs., Jan. 19-Feb. 9, 2023, 6:00-9:00 pm, \$221.

Social Media Marketing

This course provides students with an in-depth look at social media advertising, including how to establish a budget; developing a data-driven audience; creating an ad campaign; and measuring its impact. Activities, templates, lectures, and insights will be provided to help students craft a successful social media ad campaign.

CE-COMP 2224PE, 3 Thurs., Mar. 2-16, 2023, 6:00-9:00 pm, \$164.

Social Media Measurement and ROI

This course will provide students with an in-depth, hands-on exploration of current trends and tools including quantitative and qualitative measurement methodologies for social media. Students will learn to communicate return on investment (ROI) of social media to a non-expert audience. Students will develop skills to analyze how the performance of the social media strategy directly impacts the strategic priorities and mission/goals of their organization.

CE-COMP 2225PE, 3 Thurs., Mar. 23-Apr. 6, 2023, 6:00-9:00 pm, \$164.

Create A Social Media Crisis Management Plan

On social media, things can move blazingly fast. Sometimes, a PR crisis that seems to come out of nowhere. Your best chance to make it through a social media crisis is to prepare ahead of time. Have a solid plan, a list of key stakeholders and responsibilities, and a clear chain of command. This course looks at methods for spotting potential issues as they emerge and how to shut a problem down in the early stages. The course also will show the students what to do if you end up with a full-blown social media crisis management situation on your hands. Examples, handouts, and templates will be provided.

CE-COMP 2226PE, 2 Thurs., Apr. 27-May 4, 2023, 6:00-9:00 pm, \$109.

Electives

Writing for Social Media-An In-Depth Workshop

This course will explore the relationship between audience, purpose and text in a cross section of social media. Students will develop criteria for evaluating each form of writing, find examples, assess what makes them effective, consider the decoding skills they demand from readers, and practice the form using tried and true social media writing tactics. As students practice the craft of writing for social media; they will receive detailed constructive feedback on all assignments.

CE-COMP 2227PE, 2 Thurs., Dec. 8-15, 6:00-9:00 pm, \$109.

Creating Simple Video Content for Social Media

Any business can start creating video content as a part of its overall marketing strategy. You just have to figure out what your overall objective is and how to plan to achieve those results. Creating unique, refreshing and engaging video content comes easy, if the objective is clear. In this course, students will create a video storyboard and script based on a business objective. Then they will use online tools and apps to create the video. CE-COMP 2229PE, 2 Thurs., Feb. 16-23, 2023, 6:00-9:00 pm, \$109.

Policies and Procedures to Manage Risk

This course examines social media policies and procedures to manage risk and improve communication strategies. Students will have the opportunity to draft social media policies and procedures for their respective organizations. CE-COMP 2228PE, 2 Thurs., Jan. 5-12, 2023, 6:00-9:00 pm, \$109.

Newly Expanded! 3D Animation Certificate-252 Hrs

This online, non-credit certificate program is an intensive course of study over two semesters beginning in the fall.

The culminating experience will be the creation of a demo reel for their portfolio to show employers or schools in order to continue on their career paths. Demo reels will be exhibited in a certificate completion exhibition. This certificate program will take students through the 3D animation production pipeline and cover many facets of 3D creation. From modeling assets and characters to animating and final rendering, this certificate will guide you through the fundamental principles of 3D animation. Whether you are interested in film, video games, or commercial work, these courses will get you on the right trajectory. Prepare for an intensive exploration! Prerequisite: Basic computer knowledge. Students must register for the entire program at time of registration.

Register for the entire certificate for \$2,335!

All interested students should contact the Director, Dr. Sherry Mayo, at sherry.mayo@sunywcc.edu or 914-606-7385. To register for certificate program classes, you must call 914-606-7300 or email peekskill@sunywcc.edu

MODULE I

Modeling I for Animation-42 Hrs

This course will introduce students to creating hard surface modeling such as vehicles and assets for production in Autodesk Maya. The course will consist of demonstrations combined with discussion and tutorials created by the instructor; in-class exercises and an assignment will be given every week. In addition, different lighting scenarios such as interior, exterior, and studio lighting with Arnold renderer will be also covered.

CE-DGART 2093PE, 14 Mon., Sept. 12-Dec. 12, 6:30-9:30 pm.

Animation I-42 Hrs

This course will introduce students to animating in Maya. Students will start with the basics and learn about the twelve principles of animation. Some assignment examples will consist of a bouncing ball, walk-cycles, jumping, and kick ball.

CE-DGART 2094PE, 14 Wed., Sept. 14-Dec. 21 (skip 11/23), 6:30-9:30 pm.

MODULE II

Modeling II/Digital Sculpting for Concept and Animation-42 Hrs

This course will introduce students to creating organic characters and sculpture for production using Autodesk Maya, ZBrush, and Mudbox. This course will introduce students to creating hard-surface & organic characters and sculpture for production and concept art with Pixologic ZBrush. We will also cover the 3D printing process and print work. The course will consist of demonstrations combined with discussion, and tutorials created by the instructor, in-class exercises and an assignment will be given every week. In addition, students will be given different lighting scenarios such as interior, exterior and studio lighting with Arnold renderer. (Prerequisite Modeling I for Animation).

CE-DGART 2095PE, 14 Mon., Jan. 9-Apr. 17, 2023 (skip 1/16), 6:30-9:30 pm.

Animation II-42 Hrs

As a continuation to Animation I, students will now look at creating basic rig setups to more advanced rig setups for characters and assets. Towards the end of this course, the class will focus on the importance of posing and body mechanics for animation. (Prerequisite Animation I).

CE-DGART 2096PE, 14 Wed., Jan. 18-Apr. 19, 2023, 6:30-9:30 pm.

MODULE III

Animation III-42 Hrs

As a continuation to Animation II, students will learn about creating storyboards, animatics, and creating an animation based on their own stories. Each student will create a mini 15 second animation with a pre-rigged character of choice. Students will also be recording their own live video reference to help with timing for their animations. (Prerequisite Modeling II/Digital Sculpting for Concept and Animation).

CE-DGART 2097PE, 14 Mon., Apr. 24-Aug. 7, 2023 (skip 5/29 & 7/3), 6:30-9:30 pm.

Demo Reel Creation and Exhibition-42 Hrs

In this course, students will use the technical, drawing, and storytelling skills they have learned in the previous courses to produce their own demo reel. Students will exhibit their final work at CENTER FOR THE DIGITAL ARTS GALLERY.

CE-DGART 2098PE, 14 Wed., Apr. 26-Aug. 2, 2023 (skip 7/5), 6:30-9:30 pm.

Exhibition: Mon., Dec. 4, 2023-Wed., Jan. 3, 2024.

Coming Soon! Certificate in User Experience Design (UX)-93 Hrs

User Experience Design is an online non-credit certificate that prepares graduates for working in interactive technologies and provides them with industry literacy through applied practice. The program will offer a foundation in user experience strategies, design thinking, and interactive design. Students will acquire skills in user research, site-mapping, wire-framing, prototyping, web programming, UX Career Development, etc. Students can also complete a portfolio course where they will create finished examples of their work to show prospective employers facilitated by a professional industry UX designer. Prerequisite: Basic computer experience.

Students may register for the entire program at time of registration. Prerequisite: Basic computer experience.

Register for the entire certificate for \$1,350! For more information visit www.sunywcc.edu/peekskill

DIGITAL PHOTOGRAPHY CERTIFICATE-126 HRS

This online, non-credit certificate program is over two semesters, beginning in the fall.

The culminating experience will be the creation of a photography portfolio and exhibition to share with family, friends, and potential employers in order to continue on their personal and professional pathways.

The Digital Photography Certificate will provide new and motivated photographers with a foundation in practice and theory with lab exercises, assignments, and lecture demonstrations. Students will learn about the proper operation of a camera and achieving correct exposure, composition methods, post processing, and specialized photography. Throughout the experience, students will draw inspiration from the works of historical and contemporary photography. Enhance your portfolio and hone your skills!

The certificate program is an intensive course of study with six individual courses.

Students must register for the entire program at time of registration. Register for the entire certificate for \$1,521!

All interested students should contact the Director, Dr. Sherry Mayo, at sherry.mayo@sunywcc.edu or 914-606-7385.

To register for certificate program classes, you must call 914-606-7300 or email peekskill@sunywcc.edu

The Camera and Its Operation

This course looks at the camera and how to control it to get the best results. The course covers common digital formats, exposure modes, histograms, JPEG vs RAW files, lens selection, methods of stabilization, useful accessories, and mobile apps. Through demonstrations, a critical look at current and historical photography and shooting assignments, students will gain a better understanding of how to use the camera to capture compelling images.

CE-DGART 2120PE, 7 M/W, Sept. 12-Oct. 3, 6:30-9:30 pm.

Photographic Composition

Composing an effective image involves many considerations, including camera placement, lens selection, lighting, subject-ground relationship, and employing (or breaking!) some rules. Additionally, post-processing gives us further control over many of these key items. Topics covered will include common framing rules, depth-of-field, vignette, and other features that help to highlight the story in your image. Inspired by powerful examples of composition from noted photographers, students will complete shooting assignments and processing of their own images.

CE-DGART 2121PE, 7 M/W, Oct. 10-31, 6:30-9:30 pm.

Digital Image Processing

Shooting in the RAW file format expands the potential for creating powerful and expressive images. Adobe Photoshop and Lightroom offer a digital darkroom where students will learn to process images and bring their photography to the next level. Exposure correction, color balancing and enhancement, and resolution adjustments are just some of the techniques covered. File organization and prepping for web, mobile and print media will be introduced.

CE-DGART 2122PE, 7 M/W, Nov. 7-30 (skip 11/23), 6:30-9:30 pm.

Small Object Photography

Photographing small objects, be it a tabletop still-life, products for marketing, or objects to be used for illustrative purposes, requires a special approach and attention to detail. Students will set up and shoot objects of their choice using specialized and non-specialized equipment, then process them in Photoshop as required for various needs. Topics covered will include camera lenses, lighting, seamless backgrounds, and a bit of post-processing magic to transform objects into things of beauty.

CE-DGART 2123PE, 7 M/W, Jan. 23-Feb. 13, 2023, 6:30-9:30 pm.

Digital Image Compositing

Good camera skills and effective post-processing are of primary importance in photography. There are many other exciting ways to enhance an image or go beyond a single exposure. Students will learn how to use Photoshop to retouch and manipulate images, combine several exposures through digital stitching to create panoramas and high-resolution images, experiment with focus stacking, and produce enhanced imagery with high dynamic range photography.

CE-DGART 2124PE, 7 M/W, Feb. 20-Mar. 13, 2023, 6:30-9:30 pm.

Portfolio

Collecting and curating your photographs into an effective portfolio is key to sharing and utilizing them for personal and professional purposes. Students will create a digital portfolio, and if necessary, shoot additional images to provide a more complete story of their capabilities. Online portfolios from leading photographers will be reviewed and students will be encouraged to visit regional photography exhibits.

CE-DGART 2125PE, 7 M/W, Mar. 20-Apr. 12, 2023 (skip 4/5), 6:30-9:30 pm.

NEW!

Advanced Digital Photography

The Advanced Digital Photography hybrid series is for students who are post-certificate or have received instructor permission. These students will continue to investigate digital photography and further their skills. Part 1 is a pre-requisite for Part 2.

These courses are hybrid (remote and in-person), taking advantage of the vast resources and specialized facility at the Center for the Digital Arts, Peekskill Extension Center. Students will need to comply with all SUNY WCC COVID-19 requirements, please visit www.sunywcc.edu/covid-info for more information.

Students may register for the series or take courses independently in sequence.

All interested students should contact the Director, Dr. Sherry Mayo, at sherry.mayo@sunywcc.edu or 914-606-7385.

To register for these classes, you must call 914-606-7300 or email peekskill@sunywcc.edu

HYBRID Part 1: finding the story in the environment

The Advanced Digital Photography course will get started with a review of exposure and camera control, followed by shooting assignments with a concentration on finding the story in the chosen environment, be it landscape, street, or event photography. In-the-field shoots will be planned. We will review post-processing in Lightroom and learn new tools for masking and making adjustment selections based on tone and color. Photo critiques will occur throughout the semester, with an eye on creating an advanced portfolio. Remote and in-person schedule to be determined.

At Peekskill Extension Center: CE-DGART 2126PE, 14 Thurs., Sept. 8-Dec. 15 (skip 11/24), 6:30-9:30 pm, \$550.

HYBRID Part 2: focus on lighting

Advanced Digital Photography continues with an initial concentration on lighting, both natural and artificial, where students can choose to focus on portrait or small object photography, including in-person shoots with a live model. We will then learn new tools and procedures using Photoshop for advanced retouching, including selection tools and layer masks. Students will prepare select images for printing. Best work will be chosen for the Spring 2024 Student Art Exhibit, as well as an advanced personal portfolio. Remote and in-person schedule to be determined.

At Peekskill Extension Center: CE-DGART 2127PE, 14 Thurs., Jan. 26-Apr. 27, 2023, 6:30-9:30 pm, \$550.

NEW!

Web Design Certificate Program-64 Hrs

This is a non-credit remote synchronous certificate program, beginning in the fall.

This program will focus on design principles and front-end programming using languages such as HTML, CSS, and JavaScript. Students will learn to use tools like Chrome Devtools, Adobe Photoshop, and Dreamweaver. Students will be utilizing the design thinking process to work as a collaborative web development team, prototype, and to evaluate, and test a finished portfolio piece. Portfolio pieces will be online websites ready for professional use.

Students must register for the entire program at time of registration. Register for the entire certificate for \$1,350!

All interested students should contact the Director, Dr. Sherry Mayo, at sherry.mayo@sunywcc.edu or 914-606-7385.

To register for certificate program classes, you must call 914-606-7300 or email peekskill@sunywcc.edu

Web Design Strategy

Learn the process of designing a successful website. This course will cover topics like user personas, sitemaps, journey maps, wireframes, and how to design a mock-up using the Adobe Creative Suite. This course will be your introduction to building websites.

CE-DGART 2140PE, 8 T/TH, Sept. 13-Oct. 6, 6:30-8:30 pm.

Coding Responsive & Interactive Websites

Go deeper into CSS and designing websites for different screen sizes and layouts. You will explore topics like responsive front-end frameworks, floats, positioning, flexbox, grid, web typography, and media queries. You will also learn the basics of JavaScript to add interactive elements to your website.

CE-DGART 2142PE, 8 T/TH, Nov. 8-Dec. 6 (skip 11/24), 6:30-8:30 pm.

Custom WordPress Website

Learn how to design and develop a fully customizable WordPress website. You will explore topics like WordPress Themes and Child Themes, Plugins, Widgets, custom CSS, the WordPress admin/dashboard, and domain and hosting. You will use this WordPress Website project to include all the work you have created in the certificate program to use as your portfolio to show potential clients.

CE-DGART 2143PE, 8 T/TH, Dec. 8-Jan. 12, 2023, (skip 12/22/2022 - 1/2/2023), 6:30-8:30 pm.

Coding HTML & CSS

Learn how the web is structured and how to style it. First, you will learn the anatomy of HTML, HTML documents, elements, tables, attributes, and how to embed images and multimedia. Then you will learn to style the web with CSS (Cascading Style sheet). You will explore topics such as CSS Selectors, the box model, backgrounds and borders, styling text, and layouts. You will also learn how to debug HTML elements using the DOM inspector tool.

CE-DGART 2141PE, 8 T/TH, Oct. 11-Nov. 3, 6:30-8:30 pm.

DIGITAL MEDIA

Open Studio Access Package

The Center for the Digital Arts at Peekskill is an artist's space and a friendly environment in which to work. The Center hosts five Apple post-production studios including two video labs, an animation studio including ZBrush, and facilities for other digital projects. The studio also offers large format printing, 3D MakerBot printers and 3D scanners for use by artists enrolled in this program. This package is for the professional or aspiring artist with competent computer skills who wants to continue to develop a portfolio and use the Center's resources. Note: Interview with Technical Support Manager required; choose daily access or package fee.

IN-PERSON At Peekskill Extension Center: CE-DGART 2003PE, Sept. 8-Dec. 16, M/T/W/Th, 9:00 am-9:00 pm and F/Sa, 9:00 am-4:00 pm Package Fee \$347.

IN-PERSON CE-DGART 2050PE, Daily Fee \$32 per day.

IN-PERSON 3D Modeling and Printing for Adults 12 Hrs

Explore new technology that enables the design of everything from car parts to jewelry. Use a free software package, TinkerCAD, to create 3D forms that you can realize through 3D printing. Learn block coding to animate your 3D models. Our MakerBot studio is equipped with multiple 3D printers, and an array of filament colors. This class will be in person.

At Peekskill Extension Center: CE-DGART 2069PE, 6 Sat., Sept. 10-Oct. 15, 9:00-11:00 am, \$181 (+ \$50 materials fee). #90429

REMOTE Adobe Photoshop CC in 24 Hrs

Learn to use the latest version of Photoshop with time management features and enhancements for digital painting/drawing and web and video creation. This training package will include imaging formats, use of Photoshop in computer imaging, and output for the web. No previous experience with Photoshop necessary, previous computer experience required.

CE-DGART 2042PE, 4 Sat., Sept. 10-Oct. 1, 9:00 am-3:00 pm, \$442. #90430

REMOTE Adobe Illustrator CC in 24 Hrs

Learn to use this industry-standard vector image creation program for digital illustration for print and web. Includes drawing tools, Bezier curves, fonts, and use of Illustrator in graphic design. No previous experience with Illustrator necessary, previous computer experience required. This class will be remote. CE-DGART 2040PE, 4 Sat., Oct. 8-Nov. 5 (skip 10/29), 9:00 am-3:00 pm, \$442. #90431

REMOTE Design Your Brand

From entrepreneurs to business owners, your brand may impact your business' success. From logos and tag lines, to storytelling and a brand strategy that positions your business at the top of your field is what you'll learn in this course. Students not only learn about the basics, but also get to create a logo, brand, tag line, and more. Then they present their brand at the end of the program.

CE-BUS 2110PE, 4 Tues., Sept. 6-27, 6:00-9:00 pm, \$197. #90432

NEW! IN-PERSON Modern Programming Languages

In this class students will be introduced to the basic aspects of modern programming languages like Python, Java Script and Java. Students will learn problem solving, data representation, algorithm design, and object-oriented design and programming. The Python programming language will be used as the means to implement programs. This course prepares students for problem analysis and solution design. Students will also discuss ethical and social issues relating to computing.

At Peekskill Extension Center: CE-COMP 2213PE, 8 Sat., Oct. 8-Dec. 3 (skip 11/26), 12:00-3:30 pm, \$364. #90433

IN-PERSON Weekend Front End Coding Boot Camp

This course will cover HTML, CSS, and JavaScript. Front end code is the code that builds the web pages that people see. The power of these languages together can make you a very powerful designer/front end programmer and put you in demand in the work force. For ages 14 & up.

At Peekskill Extension Center: CE-COMP 2172PE, 4 Sa/Su., Dec. 10-18, 9:30 am-4:30 pm (30-minute lunch break), \$305. #90434

FOR YOUTH AND TEENS

IN-PERSON TinkerCAD for Kids 16 Hrs

TinkerCAD is a free web-based software that allows students to create 3D forms. These forms may be extruded, replicated, and combined to create elaborate shapes and works of art. Students will build in TinkerCAD and then output their artworks in our Makerspace as 3D prints. For ages 7-11.

At Peekskill Extension Center: CE-DGART 2112PE, 8 Sat., Oct. 22-Dec. 17 (skip 11/26), 9:00-11:00 am, \$190 (+ \$50 materials fee). #90435

IN-PERSON Coding for Kids

Give your child the edge and have them engage in coding sequences of instructions that empower them to control robots and gaming interfaces. Students need to be able to write commands in the right sequences in order to communicate their instructions to others. Computer coding is what makes this possible and is a key 21st century competency for children today. Students will code stories, animations, and games. For ages 7-11.

At Peekskill Extension Center: CE-COMP 2127PE, 8 Sat., Oct. 8-Dec. 3 (skip 11/26), 9:00-11:00 am, \$190. #90436

IN-PERSON Teens Game Design

You play games on Playstation, Nintendo Switch, and your mobile devices but did you ever wonder how to build an interactive game? The gaming industry is an exciting, burgeoning field that requires both technical ability and creativity. Students will work with a game designer to construct board games, design characters, build terrains, and interactive user experiences.

For ages 12-17. **At Peekskill Extension Center:** CE-DGART 2111PE, 5 M/T/W, Nov. 14-Dec. 14, 4:00-6:00 pm, \$300. #90437

To register for classes in this section, call 914-606-7300 or email peekskill@sunywcc.edu

REMOTE Digital Imaging for Photography

Students will learn the fundamentals of digital photography, from understanding exposure and creating more satisfying compositions, to learning image processing workflow in current software. The course includes presentations and demonstrations, as well as critiques of student work. Examples from historical and contemporary photographers will inspire our creative efforts. This course provides the opportunity for aspiring amateur photographers to push their work to the next level.

CE-DGART 2090PE, 6 Sat., Oct. 8-Nov. 12, 10:00 am-12:30 pm, \$291. #90438

IN-PERSON Animation 1

In this 6-week course, the student will gain a solid understanding of the art of animation; which can be used in any kind of moving art such as 2D animation, 3D animation, stop-motion, and motion graphics. The course will be focused on traditional animation since it provides a hands-on understanding of the basic techniques of animation. Students will learn how to determine timing and spacing of a drawing and how it affects the outcome of an animation by studying different kinds of subjects such as a bouncing ball, falling leaves, and walk-cycles. Animation 1 is for those who want to start a career in animation but is not limited to those who want to sharpen their skills or further their experience. By the end of the course, students will have created a short animation 15 to 30 seconds long.

At Peekskill Extension Center: CE-DGART 2107PE, 6 Sun., Sept. 18-Oct. 23, 9:00 am-1:00 pm, \$419. #90439

IN-PERSON Animation 2

In this 6-week advanced session, students will dive deeper into what brings animation to life adding to what they have learned from Animation 1. This course will have students look into pre-production animation techniques such as layouts and backgrounds, character design and acting, sound and special effects. As the course progresses, students will move from pre-production to post-production including editing, color and visual effects, and rendering final projects for presentation. Using the tools given to them, students will create their own short animation 15 to 30 seconds long. Prerequisite: Animation 1.

At Peekskill Extension Center: CE-DGART 2108PE, 6 Sun., Nov. 6-Dec. 18 (skip 11/27), 9:00 am-1:00 pm, \$419. #90440

REMOTE Essentials of Business Process Management: A strategic and tactical look at the world of BPM

BPM encompasses both performance improvement and strategic differentiation. This six-hour, Instructor-led, LIVE virtual seminar, given in three (3) two-hour modules, provides the context for sustainable and impactful BPM success. It is the entry module to the Business Process Management Certificate Series. Business Process Management has emerged as the glue that enables organizations to effectively integrate strategic initiatives, information technology investments and day-to-day operations, thereby enabling sustainable operational excellence. CE-BUS 2141, Sept. 20-22, 1:00–3:00 pm, \$625. #90475

REMOTE Process Mapping, Modeling and Analysis: Using Process Analysis to Define and Solve Business Challenges

Organizations are a collection of processes. These processes are the business activities performed to produce value, serve customers, and generate income. Managing these processes is the key to the success of your organization. Most organizations are not set up to manage processes instead, they manage tasks. Inefficiency and waste become part of the system; they rob your organization of profits, productivity, and its competitive advantage. Process mapping shows you the way out. 13 CPEs. CE-BUS 2105, Oct. 11, 12, 18 & 19, 1:00–4:30 pm, \$1,095. #90467

REMOTE Performance Improvement Strategies: Using Lean, Six Sigma and Reengineering to Improve Business Results

Think about it, all performance improvement methodologies (PDCA, Six Sigma, TQM, reengineering, etc.) have four elements in common: customer value, process maps and measures, root cause analysis and improvement strategies. The tools and other techniques taught in this seminar will enable you to use the right data and right tools to craft the right solution to improve performance. 13 CPEs. CE-BUS 2112, Nov. 3,4,10,11, 1:00–4:30 pm, \$1095. #90468

REMOTE Process Transformation

Discovering and Implementing Innovative Solutions Employees are the catalyst for business transformation within their organization or department. Often times, people rarely realize it or acknowledge it. Many people have the unique role to make changes that can have an impact on the success of an organization ranging from insights they provide to directions for products, services or processes. This seminar will develop your awareness, knowledge and understanding of what process transformation is, how it can help your organization (and your career) and how to approach and navigate process transformation. CE-BUS 2134, Dec., 1,2,8,9, 1:00–4:30 pm, \$1095. #90469

HEALTHCARE PROCESS MANAGEMENT AND LEAN SIX SIGMA GREEN BELT CERTIFICATION

Visit our website at www.sunywcc.edu/pdc for details and dates.

Six-Day Course and Certification Project

The Lean Six Sigma Green Belt is the most recognizable and valued quality management certification across all industries.

This program combines comprehensive classroom training with real-world application to both enhance learning and validate capabilities. Between sessions, participants will work on a process improvement project from your organization. You will attend three, two-day live, training sessions, approximately one month apart, to complete the six full days of classwork. Our program leads to success! 36 CPEs. Call 914-606-6658 for corporate classes.

Process Optimization in Healthcare

How to Serve More Patients and Improve All Measures of Quality

In an environment filled with technological, regulatory and administrative change—and a pandemic—hospitals and practices must serve significantly more patients while accepting lower reimbursement. It is a “business” model that would not work for most businesses. This workshop will equip you with the tools and techniques you need to better understand your processes and implement lasting solutions. 13 CPEs. Call 914-606-6658 for corporate classes.

Improving the Patient Experience:

Best Practices for Improving Patient/Family Satisfaction and HCAHPS Scores

Clinical outcomes have always been the most important measure of patient satisfaction. In today’s healthcare business environment, payers, patients and healthcare leadership demand a more holistic view of patient engagement. The definition of high quality has been expanded to include greater emphasis on wait times, communication, the environment and more. This course will challenge you to rethink patient interactions and how to implement measurable improvements to patient satisfaction. 13 CPEs. Call 914-606-6658 for corporate classes.

Data Analytics for Healthcare Leaders Integrating:

Statistics & Experience to Drive Your Business Decisions

Hidden in existing systems (block scheduling, practice management, talent management, etc.) are treasure troves of information that will enable you to improve revenue capture, to reallocate resources from underutilized units to emerging areas of need, and to significantly improve clinical and non-clinical outcomes. This seminar will arm you with the tools and strategies to determine which data are vital, ask the right questions of analysts who support you, interpret results to make good business decisions and effectively communicate your conclusions to varied audiences. Call 914-606-6658 for corporate classes.

BUSINESS ANALYSIS—DRIVING BUSINESS SUCCESS

BA practitioners are poised to have a dramatic impact on organization’s ability to create more responsive business models and optimize innovation and automation projects.

REMOTE Foundations of Business Analysis:

Interested in solving business problems? If you are considering a career in business analysis or if you are a business analyst already and want to upgrade your skills to be ready for the next step, this course is for you. You will learn the fundamentals of business analysis, the art and science of assessing needs and delivering solutions that work for stakeholders and customers. 12 CPEs

CE-BUS 2128, Sept., 20 & 21, 8:30 am-4:00 pm, \$1095. #90471

REMOTE Requirements Analysis & Design Definition:

The ultimate objective of a business analysis, process improvement or information technology project is to improve business results. This seminar will present proven approaches to analyzing current conditions, business needs and technology enablers. Verification and validation techniques will be used to assure proposed solutions meet the needs of users and customers. 12 CPEs

CE-BUS 2131, Nov., 8 & 9, 8:30 am-4:00 pm, \$1095. #90473

REMOTE Solution Deployment & Evaluation

Creating an elegant, business-focused technology or process improvement solution is a worthy accomplishment: assuring that the solution is properly implemented and generates value on an ongoing basis is equally important. The skills and knowledge delivered in Solution Deployment and Evaluation help assure that mission-critical solutions live up to their potential. 12 CPEs

CE-BUS 2132, Dec., 6 & 7, 8:30 am-4:00 pm, \$1095. #90474

REMOTE Eliciting & Documenting Requirements

The Business Analyst has been described as the person who bridges the divide between IT departments and the business organizations they support. Nothing is more important than making the most of human contact between these two interdependent groups. This seminar discusses several useful approaches to gathering requirements, focusing on the facilitation of collaborative sessions and the clear translation of business needs into requirements. 12 CPEs.

NATURE & THE ENVIRONMENT

Environmental Education and Conservation

A Partnership between the College and Westmoreland Sanctuary

Westmoreland Sanctuary is a nature center and wildlife preserve located in Mt. Kisco, serving the Westchester community and beyond. Founded almost 60 years ago, Westmoreland Sanctuary's ever expanding tracts of land now consist of 640 acres of year-round beauty and 7.5 miles of the finest hiking trails in Westchester. It's a place where wild bird and animal life flourish; a place where native flowers, shrubs, plants and trees are cherished, protected and preserved. It's also a place to simply come, enjoy and reconnect with nature, and maybe even yourself. The health of our environment and natural world depends on a committed generation of today to pass the torch of appreciation, understanding, and respect of the natural world to future generations. Central to Westmoreland Sanctuary's mission is offering environmental education and conservation programs to all. While touching the lives of 12,000 young students each year with certified environmental programming, Westmoreland staff also conducts programs for adults that are both wide and varied.

To learn more, please visit: www.WestmorelandSanctuary.org.

All classes below are held onsite at Westmoreland Sanctuary, 260 Chestnut Ridge Road, Mount Kisco

THE WRITING CENTER

REMOTE Hook Your Readers

Many agents and editors will only read the opening pages of a manuscript before deciding if they are interested. Award-winning fantasy author and editor Barbara Campbell will share tips to help you hook readers on the first page, prompt them to keep reading, create complex characters and dramatic scenes, and avoid style pitfalls that can weaken the impact of your prose. Students working on a novel or short story should bring the opening scene to class and will receive a handout with course highlights, scene studies, and writing exercises. CE-WRITG 2118, 1 Sat., Nov. 5, 9:00 am-12:00 noon, \$42. B Campbell. #90229

REMOTE Writing from the Soul

Writing is an art form about self-expression. Whether you prefer fiction or nonfiction, journal writing or story writing, this course will help unleash your creativity as a writer with a focus on writing descriptive narratives. Using your five senses, learn to create an emotion and a picture in the reader’s mind. Develop a scene in your story or recall a memory you have entered in your journals. Students will share their work with the class. Please bring spiral notebooks or journals, and pens. CE-WRITG 2106VA, 3 Tues., Sept. 6-20, 7:00-9:00 pm, \$68. L Lush. #89984

REMOTE Healing Minds and Hearts in Writing

Writing is an empowering tool that frees minds and hearts. Writing has the power to heal, to create a connection with self and with others through ideas, thoughts and sharing of emotions. The "work-shopping" process invites writing as a recursive process in which writing stamina is built, writing goals are examined, and the process is shared. Writers will engage in experiential writing, set writing goals, and will create shorter structured pieces and a longer piece as a culminating activity.

CE-PRSDV 2197VA, 5 Thurs., Sept. 8-Oct. 13, 4:30-6:30 pm, \$125. E Klein. #90170

REMOTE Introduction to Memoir

Memoir is a life examined. Learn how to mine your memory and tell your story using the tools of prose, including theme, description, and dialogue. CE-WRITG 2112, 4 Thurs., Oct. 6-27, 1:00-3:30 pm, \$125. M Matlick. #89981

REMOTE How to Tell a Story

Whether you are telling a fictional or nonfictional story, the elements of telling it are the same. A good story does not always start with 'once upon a time' or the day your lead character was born. It starts with action, setting the scene, introducing a character, or even posing a question. In this remote course, learn how to tell your story through plotting and drafting it. Learn how to edit your story with a discerning eye by discovering what to leave in and what to take out. You will develop it into a finished story to share with the class for critiquing.

CE-WRITG 2123, 3 Thurs., Dec. 1-15, 7:00-9:00 pm, \$73. L Lush. #89983

REMOTE Voting History in the United States

Learn about the history of voting in the United States. The voting history has not been characterized by a smooth and inexorable progress toward universal political participation. It has instead been messy, littered with periods of both expansion and retraction of the franchise with respect to many groups of potential voters. Discover how this history calls us to action and conveys that voting rights are not definitively won but must be struggled for and defended.

CE-HIST 2150, 3 Thurs., Dec. 1-15, 6:00-8:00 pm, \$75. E Castillo, Jr. #90187

REMOTE Creating Your Second Act

What is a second act? A second act is about creating a life based upon your passions, skills and talents. It also means pulling dreams off the back shelf and living life to the fullest. Whether you have been downsized, are looking to make a change, or entering the new un-retirement, creating your second act opens up a world of possibilities.

J Robinson. #90101

REMOTE American Bill of Rights: A Guide

The Bill of Rights original purpose was to defend the people of the United States against an aristocratic and geographically distant Congress whose members, many feared, would act in their own self-interest. It was only after the Civil War, with the passage and ratification of the Fourteenth Amendment, that the Bill of Rights began to accrue its modern meaning. This engaging 7-week course is not just an historical study but designed to deepen the student's understanding of present-day controversies over issues like free speech, the separation of church and state, and the Second Amendment right of ordinary citizens to "keep and bear arms." CE-LAW 2009, 7 Thurs., Oct. 6-Nov. 17, 6:00-8:00 pm, \$170. E Castillo, Jr. #90186

Using the formula power plus prejudice = isms, we will explore various "isms" including racism, sexism, homophobia, religious bias, classism, ableism, languageism, and ageism and look at personal, cultural and institutional forms of bias and prejudice. Examine ways that you have experienced bias and practice methods of interrupting bias comments. CE-CULTR 2056, 1 Tues., Oct. 11, 4:00-7:00 pm, \$42. P Prutzman. #90223

VISUAL ARTS & MUSIC APPRECIATION

ART APPRECIATION

NEW! IN-PERSON Art Appreciation over the Centuries

The metro area has the greatest number of art museums in the country. Learn how to differentiate periods of art in context. By viewing power points of great artists, you'll learn why people need art and how it uplifts the human spirit. From cave paintings you will realize that art is constantly evolving. The Renaissance period saw a real emphasis on realism and a shift from tempera paints to oil paints. Classicism produced art that was used intentionally to instill feelings of patriotism in the people of each nation. Impressionism encouraged painting outdoors while Cubism was all about fragmentation and multiple perspectives. Futurists reject social organizations. Surrealism is fundamentally psychoanalytical while Abstract art steps away from Europe. Pop Art is about everything. Art is a fundamental part of what it means to be human. CE-ART 2352, 3 Thurs., Oct. 6-20, 6:30-8:30 pm, KNC-4, \$80. T Riley. #90273

REMOTE Alexander Hamilton

The musical Hamilton tells the story of the forgotten founding father, Alexander Hamilton. While the musical takes some liberties with the telling of his complex and flawed life, in this remote class, we will look at the differences between Hamilton's real life and the musical, and examine why his achievements were so significant then and important to us today. We will examine why this Broadway musical has made him such a fascinating character to us now and watch some videos as well as listen to some of the music from Hamilton.

IN-PERSON Tredici North

578 Anderson Hill Road, Purchase
914-997-4113, www.tredicinorth.com

Modern Italian—Vegetarian! Chef Fanelli's Puglia a familia still produces olive oil at their family grove in Italy. Chef has worked at several of NYC's most renowned Italian restaurants, from Felidia's to Rao's. Now at two Westchester locations, he brings elevated Italian fare to the suburbs. Featured on numerous television shows, including "Man Finds Food," "Kitchen Casino," and as the champion on FN's "Chopped," he demonstrates some of his special dishes utilizing ingredients from fall's bountiful harvest. Begin with pear salad—baby arugula with fried Delicata squash, shaved red onion, with Pecorino cheese and learn chef's secret to truffle honey vinaigrette. A mini lesson on Arrancini that you can recreate at home—crispy risotto balls filled with shaved black truffle, wild mushrooms, mozzarella and Fontina cheese dipped in a Parmagiano fonduta. Watch how Chef makes ravioli zucca—homemade burrata filled pasta dressed in browned butter, sage and pumpkin crema topped with Amaretti cookie crumble. We end with a sweet treat of strawberry tiramisu. Small class limited to private upstairs room.

IN-PERSON Maria Restaurant

11 Huguenot Street, New Rochelle
914-636-0006, www.marianewrochelle.com

Mama Maria's Lunch! Delicious Italian cuisine from the brothers that brought you Pop's Espresso and Fratelli's Pizza, Peter and Giovanni Cucullo. One of only a handful of Westchester restaurants awarded the Michelin Bib Gourmand award it remains a delicious destination. Many of the recipes are inspired by momma Maria and chef's childhood memories, and then heightened by his creative talents. Mama always said "eat your veggies," so we learn to make eggplant two ways: Eggplant fries—lemon zest, black pepper, and Pecorino cheese, Strigoloni—roasted eggplant, smoked mozzarella, tomato, and fresh mint. Chef shares his method for making broccoli rabe just like his mama. Learn the technique of making risotto with other grains utilizing Italy's favorite—farro to create a creamy mushroom farrotto topped with perfectly roasted Atlantic cod. Taste a mini version of his famous "dannolo" created at Pop's Espresso. It is a delicious hybrid of the classic cannoli and doughnut filled with cream, chocolate chips and crowned by a tiny round of biscotti! Our generous educator is always one of the semester faves! 1 Sat., Oct. 22, 12:00-2:00 pm, \$21 (+ \$25 sampling fee in CASH, payable to instructor). #90245

ENGLISH LANGUAGE INSTITUTE-www.sunywcc.edu/esl

ESL courses in Fall 2022 are in-person and online.

The English Language Institute offers English as a Second Language (ESL) classes for beginner to advanced levels. Level is determined by placement exam. Registration instructions are on page 51. COVID-19 vaccination requirements for in-person classes at www.sunywc.edu/wdce-vax

Eight levels of ESL instruction are offered (levels 0-8). Each level provides active practice in all English language skills: listening, speaking/pronunciation, standard grammar, reading, and writing. New students take a placement test to determine their level.

These courses serve the needs of the general learner and learners preparing for college.
Instructors are professionals in TESOL (Teaching English to Speakers of Other Languages).

INTENSIVE ENGLISH PROGRAM, STUDY 5 DAYS PER WEEK

(Meets 5 days a week, 15 hours per week, for 12 weeks: 195 study hours)

This course allows motivated learners of English to advance rapidly, starting at any level from beginner to advanced. The Intensive English Program meets the needs of serious learners, such as preparation for university study or to increase career possibilities.

All students take three classes: Intensive Grammar & Reading (2 days per week, M/Th), Intensive Listening, Speaking & Pronunciation (2 days per week, T/F), and Intensive Writing (1 day per week, W). A placement test is required of all new students. All placement tests are online. Accent on Fluency, open to all Intensive English Program students, supplements the Intensive English Program with an additional 5 hours per week of instruction and practice in one or more particular skills or content areas. Students who have F-1 status (have an I-20 form) meet the full-time study requirement by also enrolling in Accent on Fluency to fulfill the 20 hour per week requirement.

ELI-ESL IEP-G, -L & -W, 65 M-F, Sept. 7-Dec. 15 (skip 9/8-9/13; 11/24-11/25) 9:00 am-12:00 noon, GTW-243

- ▶ Registration is required in all 3 courses.
- ▶ Placement test: 9/7 at 9:00 am, online
- ▶ Classes begin Sept. 14
- ▶ Total tuition is \$1005 + \$9.75 for 2 fees
- ▶ Books, not included in tuition, cost approximately \$170 additional.

ACCENT ON FLUENCY

(Meets 3 days a week, 5 hours per week, for 12 weeks: 63.5 study hours)

The substantial additional speaking and listening practice of this course supplements the Intensive English program (or another ELI English course) and helps accelerate progress towards language learning goals by "deepening" the experience of immersion in English. Also provides additional pronunciation activities to enable you to improve the clarity of your communication.

IN-PERSON ELI-ESL 1210-H, 38 T/W/Th, Sept. 14-Dec. 13 (skip 11/24), 12:30-2:10 pm, GTW-243, \$265.

REMOTE ELI-ESL 1210-HR, 38 T/W/Th, Sept. 20 - Dec 15 (skip 11/24), 12:30-2:10 pm, \$265.

Would You Like to Begin a College Degree or Certificate Program?

If you have completed or are now completing ELI level 5 (or have an equivalent level of English proficiency) and are considering enrolling in a college/university program, call the ELI at 914-606-7889 to make an appointment with a TESOL specialist to discuss your future studies. We will help you answer the question: Am I ready for college? We will evaluate your English language ability and, if appropriate, provide a referral necessary for entrance to the college. Even if you are not completely ready for college, you may be able to begin an undergraduate certificate or degree program while you continue improving your English. Our general ESL programs and specialized ESL courses have helped many ESL learners succeed in college and achieve their academic goals.

SPECIALIZED ESL COURSES

TOEFL Preparation Workshop

This course is designed to help learners improve their English language skills in four areas, reading, listening, speaking, and writing in preparation for the TOEFL (Test of English as a Foreign Language), through TOEFL practice tests and focused instruction and practice in academic reading and listening comprehension, grammatical accuracy and clarity in speech and writing. Additionally, students develop valuable test-taking and critical thinking skills necessary for successful performance in college degree programs. Prerequisite: high intermediate to advanced proficiency in English (ELI Level 6+.)

ELI-ESL 1300 (Select D or P)

IN-PERSON (D) 22 T/Th Evenings, Sept. 29-Dec. 15 (skip 11/24), 7:00-9:30 pm, \$245.**REMOTE (P)** 22 M/Th Mornings, Sept. 29-Dec. 15 (skip 11/24), 9:15-11:45 am, \$245.

Pronunciation: The Sound System of English

Designed for intermediate to advanced learners whose spoken English is at ELI level 4+. Students will learn the difference between similar English sounds and become better at articulating them. Participants will also identify problematic areas in their speech related to the production of vowels and consonants.

IN-PERSON ELI-ESL 1524-D, 10 T/Th, Sept. 27-Oct. 27, 7:00-9:00 pm, \$177.**REMOTE** ELI-ESL 1524-DR, 10 T/Th, Sept. 27-Oct. 27, 7:00-9:00 pm, \$177.

Business English for Internationals

A contextualized, advanced level, ESL pathway course providing learners with the opportunity to develop their speaking, listening, reading, and writing skills in preparation for study in academic business programs. Participants build fluency and knowledge through participation in activities related to business communication. Prerequisite: ELI Level 6 proficiency.

IN-PERSON ELI-ESL 1420-D, 10 T/Th Nov. 10-Dec. 15 (skip 11/24), 7:00-9:00 pm, \$177.**REMOTE** ELI-ESL 1420-DR, 10 T/Th Nov. 10-Dec. 15 (skip 11/24), 7:00-9:00 pm, \$177.

English for Academic Purposes Program (EAP)

Prepares students for matriculated college study through a contextualized academic curriculum that integrates English language skills with academic content. English for Academic Purposes offers an introduction to academic literacy with a focus on building academic vocabulary and reading and writing skills applied to academic tasks. The course also develops independent study skills, test preparation, and communication skills needed for college readiness. Prerequisite: high intermediate to advanced proficiency in English (ELI Level 6+).

ELI-ESL 1650 (Select C, P, or DR.)
