If the student has no To Do's for financial aid, on the TASK/To Do's, we award the student the maximum amount they qualify for according to FAFSA and wait for the student to register with Academic Counseling. Students must be registered full-time to receive the maximum amount (12 Credits or more) but can be part-time and still qualify & receive Financial Aid.

Students can take the "Online Orientation" for instructions on how to use our system.

Please manage and monitor your account. All information on your MYWCC student portal cannot be seen from a Cellular phone.

Thank You
