

Providing Video/Audio Grading Feedback in Blackboard

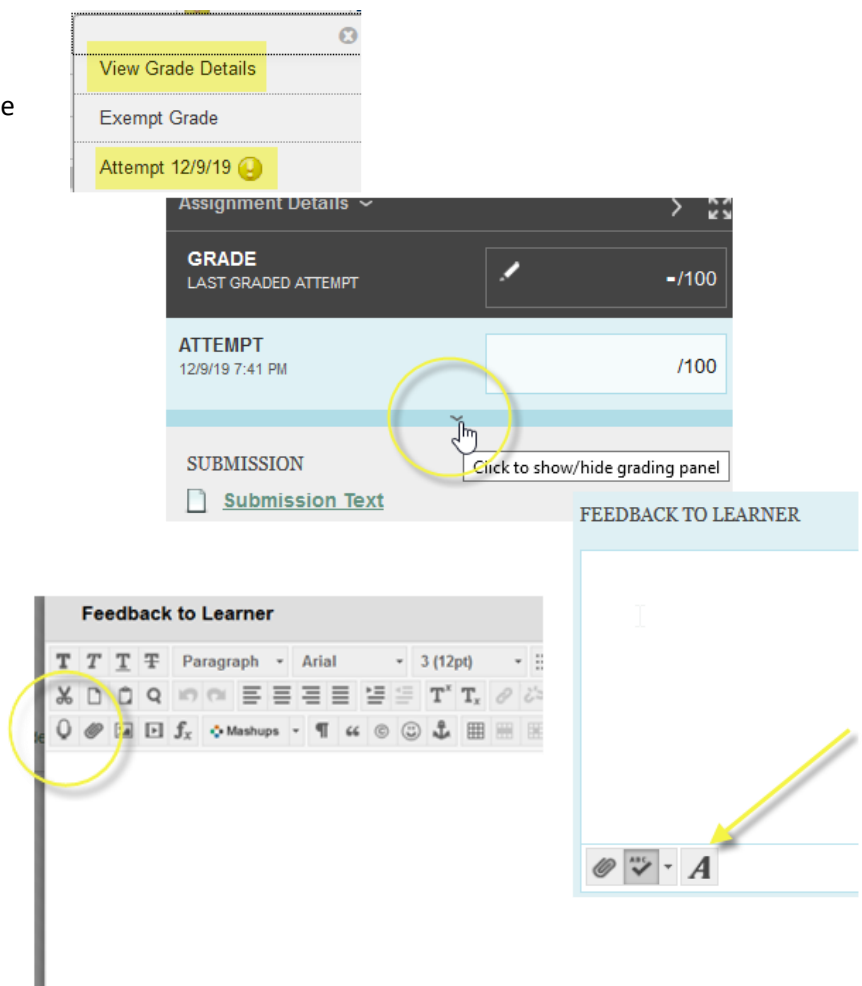

Instructors are able to provide video and audio feedback to students through the inline grading in the assignment feature or via the grade center quick comment area.

Features include:

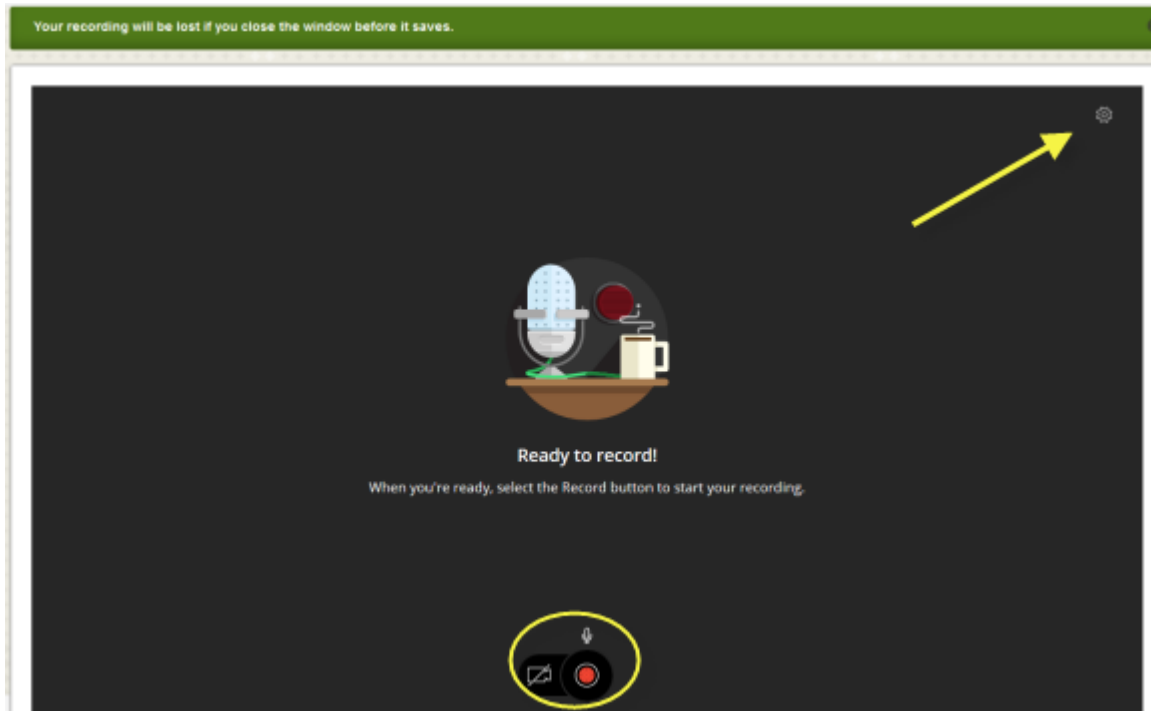

- Up to 5 minutes length recordings.
- Recordings can be video or audio-only.
- Recordings are created directly in the web browser (Chrome and Firefox) without additional software.
- Recordings are stored in the cloud and do not count against local storage allocations.

Adding Video/Audio Comment to Assignments

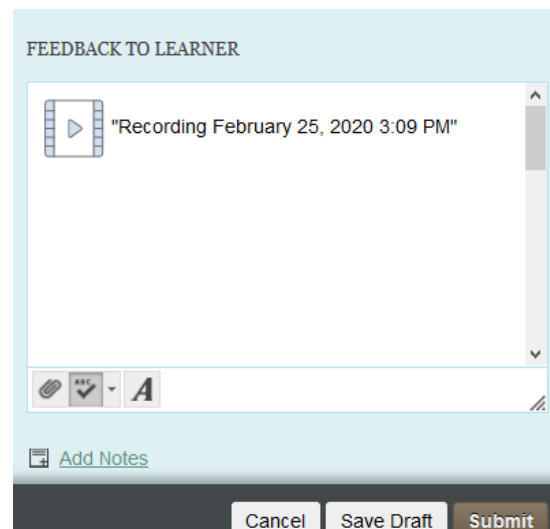

1. Go to your Blackboard Course.
2. Locate the Assignment Column in the Grade Center.
3. Select to View Grade Details or Grade Attempts.
4. Click on the small arrow under Attempt to open the Feedback to Learner box.
5. Click on the text icon (A).
6. Locate the microphone icon to insert a recording.

7. After verifying your audio and video locations, you will be able to start your recording.
8. Click on the Red Record button to begin. If using your camera make sure to enable the camera by clicking on the camera icon.
9. If you need to check your microphone and camera before starting, please click on the gear icon to check your settings.
10. When you have completed the recording click on Save and Exit.

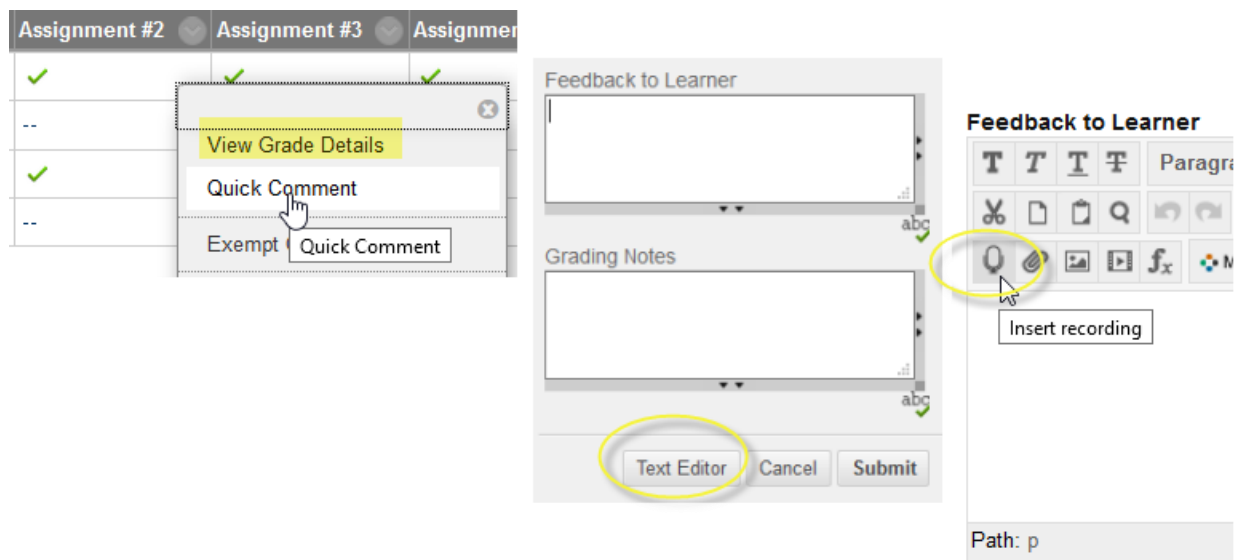

11. Click on Insert Recording and change the name if needed in the text box.
12. You will see your recording in the Feedback to Learner box.
13. Click Submit - after placing the grade in the attempt box click on the Submit button to complete the grade and video entry.

Adding Video/Audio Comment to Grade Center Using Quick Comment

In addition to adding video comments within the assignment grading area, you can also utilize the Quick Comment feature in the Grade Center.

1. Go to your Blackboard Course.
2. Locate the Grade Center and any column that has been graded.
3. Select the chevron within the student graded column and choose Quick Comment.
4. Select the Text Editor Button and locate the microphone icon in the Feedback to Learner box.
5. After recording the video and Inserting the Video, you can click on Submit.

How Students View your Feedback

1. Students login to Blackboard and choose the My Grades area in their course. (Instructors need to add this link to their Course Menu)
2. Click on the Feedback icon to open up the recording.
3. Click on the recording to hear instructor's feedback.
