| <p>Please provide a rationale for your additional allocation request. You should describe: (1) the funding purpose; (2) how this funding will support the mission of your club; and (3) why the club needs additional funds in addition to the budget they already received from the Student Government Association.</p> <p>We are hoping to host a cultural celebration on campus. We will have dancers and musicians playing music in the Student Center Event Room. We also hope to have some refreshments from our cultural as well as some traditional decorations. This will be open to all students, not just those who identify with our culture. The event we are going to sponsor is connected to one of the most important cultural traditions we have and it's important to our club that we get to share these traditions with the campus. Our club's mission is to create awareness about our culture to the campus community. By bringing in various forms of entertainment we can bring in actual representations of our culture in action and show the campus how we celebrate this event. Our current budget does not have enough funds to cover these costs as we used our initial money on our table at the Involvement Fair, on club meetings, and on a film showing that was open to all of campus.</p> | | |
