

Berkeley College

[Berkeley College's transfer page](#)

The Berkeley College in White Plains is housed in a contemporary building incorporates a traditional academic setting with cutting-edge technology. Students enjoy all the advantages of college life in one location—classrooms, student services, library, Academic Support Center, theater, student lounge, and computer labs. All facilities are designed to accommodate the physically challenged. Established in 1945, the White Plains location now serves more than 700 students in day, evening, and online courses. The Larry L. Luing School of Business accounts for the majority of the programs of study. The School of Professional Studies has courses to give students the in-depth knowledge and latest skills required to excel as professionals in criminal justice, interior design, legal studies, graphic design, and health services careers. The School of Liberal Arts has courses in humanities, mathematics/science, social sciences, English, and foreign languages add value to the specialized, career-focused training.
