## About SUNY FIT

“One of New York City’s premier public institutions, FIT is an internationally recognized college for design, fashion, art, communications, and business. We’re known for our rigorous, unique, and adaptable academic programming, experiential learning opportunities, academic and industry partnerships, and commitment to research, innovation, and entrepreneurship. While our pedagogical mission is to prepare our students for professional excellence in design and business, our broader ethos is to foster creativity, inspire leadership, impart a global perspective, and educate students to embrace inclusiveness, commit to sustainability, and engage with community. We encourage students, scholars, teachers, and industry colleagues to cross traditional boundaries of both geography and disciplines. Together we strive to develop innovative design and strategic business solutions that will upend the status quo, create personal and professional opportunity, and have a lasting and sustainable global impact.”

**WCC Programs:**
