

Printing Discussion Forums

1. Enter the appropriate [Forum](#) by clicking on the forum title link

Items can be collected in either [List View](#) or [Tree View](#). It is recommended that you collect and print from the List View

2. To print all threads and replies, click the checkbox in the upper left. Select the [Collect](#) button (or you may check off posts of individual students)

3. After you click on [Collect](#), you will see the collected posts. Click on the [Print Preview](#) button, this will open a new window as well and the printer section screen. Select your printer and then [Print](#).
