THE COMMENCEMENT TRADITION

WESTCHESTER COMMUNITY COLLEGE SEAL

- Sapere Aude is the Latin phrase meaning “Dare to Know”
- The Viking “Mascot” represents our main campus in Valhalla (which means “Heaven” in Norse mythology)
- The shield represents protection and commitment to loyalty
- The book represents commitment to scholarship
- The torch represents enlightenment
- The laurel leaves represent graduation

THE MACE

The academic mace represents the commitment of our dedicated faculty, their teaching excellence, their focus on student success, and their loyalty to the college and its mission. It precedes the president during the processional and recessional. Westchester Community College’s mace is 42” tall and is made of mahogany with brass accents.

The mace was a gift from the Office of Student Involvement and Alumni Relations in 2015.

PRESIDENTIAL MEDALLION

The medallion is a symbol of the office, worn by the president on official and ceremonial occasions. At Westchester Community College, the chain of office is a replica of the College Seal suspended on a bronze link chain engraved with the names of the college’s presidents – past and present.

ACADEMIC DRESS

The cap and gown worn at today’s commencement were part of everyday dress in Western Europe during the Middle Ages. Although such clothing originally had no academic significance, the cut and fabric varied according to social standing and rank. Eventually, however, using the cap and gown to indicate academic rank and department was adopted, even legislated, by the oldest European universities. American colleges and universities later adopted such dress, differing from the European cousins they were emulating only in that a standardized intercollegiate dress code, first drawn up at an 1895 meeting at Columbia University and periodically amended since, established a uniform pattern regulating the color, shape, and texture of academic dress.

The cap is a symbol of the freedom of scholarship and the responsibility and dignity which scholarship confers on the wearer. Almost universally it is square, stiffened, and tasseled – the mortarboard. The tassel may either be black or the color of the scholarly subject, although only doctor’s degree recipients may have gold thread.

The gown is a symbol of the democracy of scholarship, for it covers any dress of rank or social standing. Traditionally it is black for all degrees, although in recent years several universities have adopted robes using their traditional school colors, such as crimson for Harvard, blue for Yale, light blue for Columbia. Only the gown for the doctor’s degree is trimmed, with velvet panels down the front and three bars of velvet across the sleeves.

WESTCHESTER COMMUNITY COLLEGE FOUNDATION SCHOLARSHIPS AND AWARDS PROGRAM

The Westchester Community College Foundation was established to meet the many needs of Westchester Community College and its students that cannot be met by public funds. Providing scholarships and enriching the educational life and environment of the college are primary goals of the Foundation.

As part of its mission, the Foundation works to develop support from individuals, local businesses, corporations, and foundations to provide scholarships for incoming, continuing, and graduating students. Since 1969, the Foundation has directly helped more than 18,500 students advance their education through scholarships and grants. The Foundation has awarded over \$2 million in scholarships each year since 2018.

The following is a selection of the many scholarships and awards available to Westchester Community College graduating students.
